### MICROSOFT NATURAL ERGONOMIC KEYBOARD 4000 + WIRELESS LASER MOUSE 5000

Yes, the 4000's loaded with time-saving features like programmable quick-launch keys, but it's also one of the most comfortable ergonomic keyboards we've ever used—and it actually had us typing faster. The company's Laser Mouse 5000 is the perfect companion piece, feeling good in either hand and offering improved precision over optical mice.
